Short Bio

Enrique Zuazua was born in Eibar, Basque Country (Spain). He studied Mathematics at the University of the Basque Country (UPV/EHU), where he earned his degree in 1984 and completed a PhD in 1987. In 1988, he obtained a second PhD from Université Pierre et Marie Curie, Paris (UPMC/Paris 6). He was appointed Professor of Applied Mathematics at the Complutense University of Madrid (UCM) in 1990 and, in 2001, joined the Autonomous University of Madrid (UAM) as Professor.

Since 2019, he has held the Alexander von Humboldt Professorship at Friedrich-Alexander-Universität Erlangen-Nürnberg (FAU), where he directs the Chair for Dynamics, Control, Machine Learning, and Numerics. He also holds part-time appointments at UAM and at the University of Deusto (UD), Bilbao, where he leads the Chair of Computational Mathematics. In addition, he collaborates with Sherpa.ai as Chief Algorithm Scientist.

His research focuses in Applied Mathematics, with a particular emphasis on Partial Differential Equations, Control Theory, Numerical Analysis, and Machine Learning. His work has been recognized through distinctions including the Euskadi (Basque Country) Prize for Science and Technology (2006), the Julio Rey Pastor National Research Prize (2007), and the W.T. and Idalia Reid Prize of the Society for Industrial and Applied Mathematics (SIAM) (2022).

He has held several academic and organizational responsibilities, among them serving as First Manager for Mathematics of the Spanish National Research Plan (1999–2002), Founding Scientific Director of the Basque Center for Applied Mathematics (BCAM) (2008–2012), and Spokesperson for the FAU Research Center for Mathematics of Data (MoD) since 2019. He was an invited speaker in the section "Control and Optimization" at the International Congress of Mathematicians (ICM) 2006 in Madrid, and is scheduled to deliver Special Section Lectures on Control Theory at ICM 2026.
